Hey Rafik,

Thanks for directing this to me.

Hey Danielle, Evan;

Not particularly sure on the answer to this one, usually it would just be assessed (and handled internally) by Bureau of Street Service's Special Events Unit.

I've queried them, we'll see what they say.

Hope that everyone has a pleasant afternoon.

Great speaking with you too.

I'm including our city councilman's field officer in this email.

I believe he will be able to answer your questions about who to contact at LADOT for rerouting the DASH bus.

Hi Rafik

So great to hear from you today. Evan and I just spoke and he is starting on the city paperwork for street closure. I just wanted to check in with you regarding the bus re-routing to make sure that we'll have full support from the city council to help make that happen without additional cost for our street closure permit?

Thank you for letting us know!
